★ INTRODUCTION

As the spouse of a U.S. Service member, you should know that the Department of Defense (DoD) and the Veterans Affairs (VA), along with other agencies, provide comprehensive assistance and support to the survivors of fallen Service members and veterans. For your awareness and peace of mind, here is a brief overview of those benefits.

★ CASUALTY ASSISTANCE

Survivors are assigned a Casualty Assistance Officer to help survivors understand and receive benefits and entitlements and assist with the coordination of burial arrangements. Dependents are also provided with long-term casualty assistance which includes financial and grief counseling.

★ FINANCIAL ASSISTANCE & BENEFITS

Survivors may be eligible for a number of entitlements and benefits.

DEPARTMENT OF DEFENSE BENEFITS

- **Death Gratuity:** The death gratuity is a lump-sum tax-exempt payment of \$100,000 made by the DoD to beneficiaries designated by the Service member.
- **Online Survivor Benefits Report:** Your family should be provided with an initial survivor benefits report by the Casualty Assistance Officer, who will coordinate providing a DoD self-service logon that will provide access to an interactive online survivor benefits report.
- **Burial Benefits:** The DoD will care for, transport and bury eligible Service members, as well as provide travel entitlements for eligible survivors.
- **Survivor Benefit Plan:** Surviving spouses or children of Service members who die in the line of duty while on active duty may be entitled to Survivor Benefit Plan (SBP) payments. The automatic monthly SBP death benefit is provided at no cost, as Service members do not pay into the benefit when on active duty. Retirees, however, pay for SBP if elected before retirement. The SBP is not meant to be a complete estate plan, so other insurance and investments are important, too. By law, the SBP annuity plan paid by the VA (see below) is offset dollar for dollar for surviving spouses who also qualify for Dependency and Indemnity Compensation (DIC).

DEPARTMENT OF VETERANS AFFAIRS BENEFITS

- **Dependency and Indemnity Compensation:** This compensation is paid to eligible survivors of Service members and survivors of those veterans whose deaths are determined by the Department of Veterans Affairs to be service-related. It is a flat monthly payment, independent of the pay grade of the veteran. This payment is adjusted annually for cost of living increases and is non-taxable. The VA also adds a transitional benefit to the surviving spouse's monthly DIC if there are children under age 18.
- **Special Survivor Indemnity Allowance:** Surviving spouses whose SBP payments have been offset (partially or totally) as a result of receiving DIC are eligible for the Special Survivor Indemnity Allowance.
- **Parents' Dependency and Indemnity Allowance:** The surviving parent(s) of a Service member who died in the line of duty or of a veteran whose death resulted from a service-related injury or illness may be eligible to receive Parents' Dependency and Indemnity Compensation. Parents' DIC is tax-free income.

- **Servicemembers' Group Life Insurance (SGLI):** Servicemembers' Group Life Insurance is a program of low-cost group life insurance for Service members on active duty, Selected Reserve, members of the National Guard, members of the Commissioned Corps of the National Oceanic and Atmospheric Administration and the Public Health Service, cadets and midshipmen of the four service academies and members of the Reserve Officers' Training Corps. The maximum amount of SGLI coverage is \$400,000.
- **Family Servicemembers' Group Life Insurance (FSGLI):** Family Servicemembers' Group Life Insurance is a rider to SGLI that provides life insurance coverage for a Service member's spouse and dependent children while the member is insured under the SGLI program. Coverage is automatically provided for spouses and dependent children of Service members covered by the SGLI program, except in the case of Service members married to Service members on or after Jan. 2, 2013, who will need to fill out appropriate forms to opt into the program. This coverage provides up to a maximum of \$100,000 of insurance coverage for a spouse, not to exceed the amount of SGLI coverage the insured member has in force. Family Servicemembers' Group Life Insurance (FSGLI) also provides \$10,000 for dependent children.
- **Servicemembers' Group Life Insurance Traumatic Brain Injury (TSGLI):** Traumatic Injury Protection under Servicemembers' Group Life Insurance — a rider added to SGLI — provides financial assistance to Service members who have incurred certain physical losses due to traumatic injuries. Benefits range from \$25,000 to \$100,000 depending on the nature of the loss. All Service members who are insured in the SGLI program are automatically covered by TSGLI.
- **Beneficiary Financial Counseling Session:** Financial counseling services are offered to beneficiaries of SGLI, FSGLI and TSGLI.
- **VA Home Loans:** Surviving spouses who have not remarried may be eligible for a VA home loan guaranty.
- **Bereavement Counseling:** The VA Office of Readjustment Counseling offers bereavement counseling to families of Service members who die on active duty.
- **Education Benefits:** The VA offers a number of education benefits for family members who have lost a Service member. For general information about these benefits, visit benefits.va.gov/gibi/1/.

SOCIAL SECURITY ADMINISTRATION

Monthly Social Security payments are paid to a spouse or a divorced spouse with children of the deceased Service member under the age of 16, or disabled children in their care who meet the eligibility requirements. Monthly payments are also paid to children under the age of 18, or 19 if they are full-time students, or older children who were disabled before the age of 18. The amount paid will be determined by the Social Security Administration. Social Security benefits may be paid to the surviving spouse living with the member at the time of death.
